

ESG RISK MANAGEMENT SUMMIT NORTH AMERICA

MAY 7-8, 2024
NEW YORK CITY

POST SHOW REPORT 2023

“Engaging discussions with a broad range of participants from different industries, backgrounds, and roles. There was ample time to network and ask questions. Overall, a great experience on a topic of growing importance.”

MAY 7 - 8, 2024 | NEW YORK

The **ESG Risk Management Summit North America** will return to New York in 2024 to discuss updated regulatory requirements, delve into lessons learned from the first round of stress testing exercises, and continue to explore how to successfully integrate ESG risk management factors into overall risk frameworks.

OCTOBER 3-4, 2023 | LONDON

The **ESG Risk Management Summit Europe** is bringing together Europe's leading financial risk experts to explore how risk management tools and practices must be transformed to account for climate and ESG considerations and better support business decision making.
